### CAPTAIN DE LAMAR BUYS A NEW HOME +

Captain J. R. De Lamar has + Captain J. R. De Lamar has just purchased a magnificent residence in New York City, and the Gothamites are expecting him to entertain on a grand scale. The home was purchased from Dr. Henr. D. Noyes last week, and is right in the heart of swelldom, on Madison avenue, with the Phelpses, the Dodges and such people adjoining. The price of the house is not stated, but as it is a fourstory, brown stone mansion, covering a lot 25x190, its cost may be reckened as a prince's ransom. Captain De Lamar is rated in New York as being worth \$20,000,000, and Wall street credits him with having added to it greatly lately. He and his beautiful young wife are still apart.

#### LOCAL BRIEFS.

SCHOOL FUND WARRANTS. State auditor Tingey yesterday drew his warrant on the treasury to Superintendent Nelson, who will this week make the paynents to the sweral cities and countles of the amounts due on the recent apportionment of school funds.

M'KINLEY'S RECEPTION.—Governor Wells and Mayor Thompson were to have held a conference yesterday afternoon to arrange for the appaintment of a reception and other necessary committees on the occasion of the visit of President McKinley and party to Salt Lake on June 1 and 2, but the governor was detained at a prior engagement, and the meeting was postponed.

ABE MAJORS' FPIENDS.—Subscription lists are in circulation by Miss Johnson, who has taken a deep interest in his welfare, soliciting contributions to help Abe Majors, the convicted murderer of Police Captain Brown of Ogden, to meet the expense of attorney's fees in the new trial that has been granted him by the supreme court. Miss Johnson is said to be meeting with fair success in her efforts.

INSPECTOR OF SPRINKLING.—Sar, Spry, formerly of the fire department, was yesterday appointed foreman and inspector of the street sprinking service, which will be inaugurated for the season on Monday aorning. The expense of this season's sprinking will be paid out of the street fund, and the legality of so charging the expense, instead of paying it out of the general fund, is doubted by some of the city officials.

visit to sewer and a companied by several of the councilmen, will go to the sewer outlet to inspect conditions at the city farm and to consider the advisability of constructing a system of ditches to conduct the sewage onto worthises dry lands that could be made worth \$200 an acce and the city treasury enriched thereby in rentals for the use of water and lertilizing matter.

CANAL IS REPOY.—The city canal that brings Utah lake water into the city for irrigation purposes is ready for the season's service, and as scon as the farmers of Sugar and Farmers ward request it through Commissioner Galbott, their representative, the water will be turned in. Watermaster Condle has a force of men putting the ditches in the city in condition to receive water, and in a few days he hopes to have his end of the work finished.

LIVESTOCK MOVING.—The annual spring migration of the sheep and cattle from the desert ranges west to the castern mountains commenced last week. During the past few days several thousand head of sheep and hundreds of cattle have traversed the city's livestock trail through Emigration canyon, and many more are yet to make the move over the road that has been provided for the purpose and to prevent the pollution of the waters of Parley's canyon, which, a part, supply the people of this city for lomestic needs.

BLAIR BUGINS WORK Commendations

domestic needs.

BLAIR BEGINS WORK.—George E. Blair, who some weeks ago made an appropriation of the right to develop and rave for useful purposes the scepage and hedrock flow of waters at the mouth of lig Cottonwood canyon, has commenced in a preliminary way to work out his plans by actual labor with a surveyor and a couple of men. While a little work is still being dime on the appropriation by the municipality, Elair contends that the council record shows an intention upon
